you will never pay attention to their limitations again."*

### NEXT CHAMBER MEETING

#### The National Weather Service in Your Community!

We are pleased to welcome Kevin Deitsch of the National Weather Service to our March 10th Chamber meeting. Kevin Deitsch is the Warning Coordination Meteorologist for the National Weather Service in St. Louis. While a fancy title, his job is basically to serve as the main liaison between the National Weather Service and the local community. Kevin is involved in most of the community and media outreach in the office. Kevin loves his position and refers to it as his "dream job" because he gets to see and hear each day about how weather affects people's lives and how the National Weather Service can help people stay informed and safe from Missouri's weather hazards!

### MARKETING COMMITTEE MEMBERS WANTED

Our Marketing Committee is gearing up for 2020 and we are welcoming any and all volunteers to help move our Chamber forward in a positive direction. We will be working on the strategies to market our organization and our member businesses.

If you are interested in being a part of this committee, please let Jan know at [warrentoncoc@socket.net](mailto:warrentoncoc@socket.net). Our next scheduled meeting is Thursday, March 5th at noon (meeting place to be determined). Questions? Feel free to ask!

### WARRENTON AREA CHAMBER MISSION STATEMENT

"To enhance the business climate and quality of life for the Warrenton area through programs that facilitate and stimulate economic and professional growth."

## LIFE CAN BE EASY—THE CHOICE IS YOURS!

Do you remember when one of the big office supply stores developed the big red "Easy" button as a reminder to "keep things easy at work"? Years ago, one of my fellow staff members at The Ford Institute started bringing a big red "Easy" button to all of the in-person workshops and trainings we did. He would keep it out at the staff table at the back of the workshop room. It was actually a perfect reminder for all of us that an invitation for transformation exists in every moment and it can happen in an instant if we choose to open up and receive the invitation. Unfortunately, most people don't recognize the miracles that are always dancing right in front of them as well as their innate power and ability to shift what they are experiencing in each and every moment.

On a daily basis, I watch and hear stories about what I categorize as "people who are committed to struggle." Wherever they go and whatever they do, drama seems to follow them, upset happens, disappointment permeates every experience, and "little things" seem to always get blown out of proportion. Whether they realize it or not, they are on some level always looking for what is wrong and, as a result, they find it! Since they are committed to clinging to a past that has betrayed them, being the victim, and telling themselves stories that end "unhappily ever after," they miss the magic of the moment or anything good that might be coming their way or even standing right in front of them.

But just like one glance at the big red "Easy" button can be the catalyst for transformation, we all have the choice to shift from struggle to ease in any situation. In order to do so, first you must be painfully honest with yourself about what's going on. If you are experiencing struggle and drama in more than one area of your life, in several situations, or with multiple people, then you have to be willing to recognize that you are the common denominator in the creation of this chaos. No matter what you might be saying you want - such as peace and quiet - there is something happening inside of you that is creating the friction, fighting, and fatigue.

Your outer world is a reflection of your inner world.

If you are experiencing unrest in our outer world, then you must look within. You must take 100% responsibility for the reality you are experiencing. Take time to look at:

- Is there some belief you have or maybe adopted from your parents that "life is hard" or "life is about surviving and not thriving?"
- Is there some action, reaction, or pattern of behavior that you keep repeating that keeps you stuck in a cesspool of turbulence, disappointment, or discontent?

Or maybe the conflicts that you are experiencing in your outer world come from the conflict within yourself.

- Do you constantly have a demeaning dialogue running inside your head?
- Are you berating yourself for not being good enough, smart enough, or charismatic enough?

It's time to declare "Enough is enough!"

As the saying goes, "Struggle is optional!" If you want to switch from struggle to ease, the choice is yours. Now is the time to bust free from the past, to give up your righteous beliefs about how unfair or hard life is, to bring awareness to the voice of condemnation inside your head, and to call a truce to the internal war inside of you. When you start feeling ease within yourself, it will be reflected in your outer world.

### **Transformational Action Steps**

1. Allow yourself to see how you are addicted to struggle or identify an area or situation in your life where you have created struggle.
2. Honestly evaluate the behaviors, actions, and patterns that you engage in that lead to struggle, the beliefs you have around struggle vs. ease, and the turbulent internal dialogue inside yourself that is being reflected in your outer world.
3. Allow yourself to identify what you could do to shift these behaviors, beliefs, and thoughts to promote more ease in your life. Take some of those actions and notice what changes.
4. Set a strong intention to create more ease in your life and create a structure that will support you in manifesting your intention.

~Kelley Kosow

### WHAT IS TOP GOLF?

No golfing ability? No problem! Topgolf is a game that anyone can play (and win). Score points by hitting micro-chipped golf balls at giant dartboard-like targets on an outfield. The closer you get your ball to the center or 'bullseye' and the further the distance, the more points earned.

"A good friend is like a four leaf clover, hard to find and lucky to have"  
- Irish Proverb  
At Emmaus, we are so glad to have friends like you!

This relaxation technique is very similar to The Hawaiian Relaxation Technique known as Lomi-Lomi. The client sits on a massage chair, fully clothed, and the relaxation technique is administered on neck, shoulders, back, head and face. Hair may be mussed a bit, but not messed up.

Essential oils may be added as aromatherapy upon request.

Many past clients say that this technique leaves them feeling as if they took a long refreshing nap, others say it helps with stress. They have said they come in stressed and aggravated and leave in a much better space. Some even say that when they leave, they feel like something that bothered them is no longer a 'big deal.'

## Innsbrook Completes \$3 Million Renovation of its 18-hole Public Golf Course

Innsbrook's 18-hole championship public golf course recently received a facelift – to the tune of \$3 million in course renovations. The resort's investment in tees, greens, fairways, equipment and management aims to provide golfers with an exemplary golf experience at Innsbrook.

"We recently celebrated the completion of our entire golf course irrigation system and new cart paths, a project we started last year are now so happy to see the impressive results," said Lucy Hughes, president of Walters Golf Management. "Our golf course superintendent Matt and his staff did an amazing job!"

The entirely new golf experience lets golfers tee-off while enjoying plush Zoysia fairways, along with:

- Newly repaved cart paths overlaid with smooth black asphalt for a sleek, resurfaced look and comfortable ride throughout the course;
- All brand-new Club Tempo golf carts, boasting USB ports, sand bottles for fixing divots and extra-comfortable seats;
- New state-of-the-art irrigation system with 87,000 linear feet of pipe and 133.5 miles of wiring;

New tenth tee at the turn for golfers' food and beverage needs. Golfers can now enjoy a hot dog or brat, chips, soda, water and other favorites without having to leave their game.

Golfers report they are loving the renovations. "Our new irrigation system has been received very well and it is obvious what a benefit it is to the overall condition of the golf course," said Innsbrook Golf Pro Kevin Corn. "Customer reviews have been better than ever which is directly attributable to the projects that were completed, as well as the hard work of our maintenance staff who work wonders at keeping the golf course in fantastic shape!"

Golfers can call the Pro Shop to book tee times or inquire about 2020 Golf Annual Passes at 636.928.3366 x9203 or email [golf@innsbrook-resort.com](mailto:golf@innsbrook-resort.com). Visit <https://www.innsbrook-resort.com/golf>

### for Equestrian Facility and Stables

*Resort community 45-minutes west of St. Louis,  
Missouri, offers private boarding, recreational  
riding, camps and more.*

[Innsbrook](#) announced this week that it is seeking a reliable, positive, knowledgeable, experienced equestrian facility manager who would operate and manage the [equestrian facility at Innsbrook](#), a resort community west of St. Charles county, Missouri.

The successful candidate could lease/operate/ manage the stables and surrounding grounds, hire and train staff and trainers. The Stables at Innsbrook facility has current boarding customers, and a robust lesson/training program for junior and adult amateurs ranging from low level eventing to low/mid-level dressage, some basic western recreational riding, mixed quadrille, as well as demand for as many summer camps as possible.

This facility could be operated by a barn manager who trains or hires an Eventing or Western oriented equestrian, or both, as half of the boarders/clients ride or would ride Western, and half need support for eventing and dressage.

The facility has a total of ten dry lots large and small, 20 acres of pasture, riding trails, an all-weather chat trail that is flat, room for gallops and easy hacks, an oversized indoor arena, a large outdoor arena, three tack rooms, 37 stalls between two barns, hay barn, 50 acres of hay fields and more. There is a high demand for trail and pony rides, hay rides, and weekend barn tours.

Facility lease includes a Kubota tractor, arena groomer, manure spreader, UTV vehicle, and housing for operator or barn manager/hand within the stable complex.

## Innsbrook Announces 2021 Dream Wedding Giveaway, Annual Bridal Showcase *Presented with St. Louis Bride Magazine*

[Innsbrook Resort](https://www.innsbrookresort.com) announced this week that, in partnership with [St. Louis Bride Magazine](https://www.stlouisbride.com), the venue is giving away a dream wedding to be held in March 2021. Located just 45 minutes west of St. Louis, Innsbrook is set amid rolling hills and sparkling lakes and has been a romantic wedding destination for more than 40 years.

Couples can enter to win the wedding by submitting their love story and photos at [www.innsbrookweddings.com](https://www.innsbrookweddings.com). Their entry will put them in the running to win a wedding package valued at over \$35,000.

“Uniting in marriage at a place the winning couple can return to, year after year, as they build their lives together will be so lovely and meaningful,” said Amber Bade, director of Innsbrook’s Aspen Center. “Innsbrook and our sponsors will give the couple that wonderful wedding experience they will be able to relive and share with their family and friends for years to come.”

The entry process is simple – couples will answer a few brief questions, share their love story, and attach a few photos. Couples can enter to win online February 17 - March 31, 2020.

Entrants, friends and family will be invited to Innsbrook’s annual [Wedding Showcase](https://www.innsbrookweddings.com) on Sunday, March 22, 2020 as well, where they can learn more about the giveaway, sponsors and Innsbrook.

Selected semifinalist couples will attend a free, elegant invitation-only event at Innsbrook on Saturday, May 16, where they can visit with the vendors, network with other couples, snack on hors d’oeuvres, and check out all that Innsbrook has to offer for weddings, golf, vacations and more. Even couples who don’t win the ultimate prize can still benefit. Ten finalist couples will be announced at the event.

The final ten couples will be featured on [InnsbrookWeddings.com](https://www.innsbrookweddings.com). The public will be encouraged to vote for their favorite couple, with the winners announced on June 5, 2020.

Partnering with a number of leading St. Louis-area vendors, the Innsbrook Dream Wedding Giveaway package includes (but is not limited to):

- An *Innsbrook Resort* wedding on March 20, 2021, including a ceremony and reception site with food and beverage for up to 150 guests;
- Two nights of accommodations at Innsbrook for the winning couple;
